CORRECTION

The "Roadmap to R1" contained an error:

On slide 21 it was mentioned that a "*Major Interdisciplinary Effort (AI, EE, Data Science, Systems, Education, Materials, Infrastructure) on Critical Infrastructure*" was led by a mid-career faculty member. This is incorrect. There is a large team of faculty led by a senior faculty member. Due to an editing error the following $20M effort "*Major Interdisciplinary, Interuniversity Effort (S&T: Civil, Geoscience, CS, AI, Social Science, Economics; Partners: Climatology, Health Informatics, Urban Planning)*" was left off the slide. This effort is led by a mid-career faculty member.
